

Directions: Below is a practice order form that the Lowcountry Food Bank has used in the past. Fill it in like you would to create an order, while also doing your best to create a balanced pantry that reflects a MyPlate. You will submit after completion.

Be on the lookout for the F2E designation on the shopping list. F2E stands for "Foods to Encourage." F2E foods meet specific dietary requirements that nourish our clients, prevent poor health, and help clients manage chronic disease. Items that are not categorized as F2E are just as important for clients to select. These items just need to be accompanied with some extra education on how to limit sodium, sugar, and saturated fat.
